

Sta. Lucia Mall Management System

Sales Submission API Documentation v2 **(POS)**

Prepared by Mediaone Software Solutions

June 23, 2026

I. Overview

This API enables POS providers to submit Hourly Sales and End-of-Day (EOD) Sales data to the Mall Management System. To maintain data integrity and prevent duplicate sales reporting, the API enforces strict validation rules for EOD and Hourly submissions.

II. EOD Sale Submission Rules

1. Only one (1) regular EOD sales submission is allowed per tenant per business date.
2. If corrections are required after an EOD submission, the POS provider may perform an EOD reprocessing request by setting the reprocessing flag to **true**.
3. Only one (1) EOD reprocessing request is allowed for the same business date.
4. EOD reprocessing is only permitted if a valid EOD submission already exists for the specified business date. Requests without an existing record will be rejected.
5. EOD reprocessing must be submitted within **24 hours** of the original EOD submission. Requests beyond this window will be rejected.
6. Remarks are required when submitting an EOD reprocess request.

These controls were implemented to prevent duplicate EOD reporting caused by repeated submission or reprocessing activities, and to ensure the accuracy and reliability of tenant sales data.

III. Hourly Sale Submission Rules

1. Only one (1) hourly sale submission is allowed per tenant per hour of the business date.
2. Submissions are validated based on the hour of the provided date_time. Any duplicate submission within the same hour will be rejected.
3. If your account has multiple stores, company_id is required to identify which store the submission belongs to.
4. If your account has only one store, company_id may be omitted and will be automatically resolved by the system.

These controls were implemented to prevent duplicate hourly sales reporting and to ensure accurate and reliable per-hour sales data per tenant.

IV. Authentication

All API requests must be authenticated using a Bearer token obtained from the login endpoint. Tokens are issued per tenant user account and managed via Laravel Passport.

1. Login	
Method	Endpoint
POST	https://tms.staluciamalls.com/api/login — live server https://staging.staluciamalls.com/api/login — staging server

2. Request Body			
Field	Type	Required	Description
email	string	yes	Registered email of the tenant representative
password	string	yes	Account password

3. Sample Login Request & Response (JSON)

Request	Response
<pre>{ "email": "juan.delacruz@gmail.com", "password": "jdc_!123!" }</pre>	<pre>{ "status": 1, "role": "5", "token": "eyJ0e.....", "owner_token": "405e.....", "user": { "id": 119, "email": "juan.delacruz@gmail.com", "name": "Juan Dela Cruz", "status": 1, "username": "jdc123", "phone": "09xxxxxxxxx" }, "message": "Successfully logged in." }</pre>

V. Sales Submission (POS)

1. Sales Submission Endpoint

Method	Endpoint
POST	https://tms.staluciamalls.com/api/get-sales — live server https://staging.staluciamalls.com/api/get-sales — staging server

2. Required Headers

Header	Value	Description
Authorization	Bearer {token}	Token from login response
X-Custom-Token	{owner_token}	owner_token from login response
Accept	application/json	Accept JSON responses
Content-Type	application/json	Send JSON payloads/requests

3. Request Body			
Field	Type	Required	Description
company_id	integer	conditional	Required only if the owner has multiple stores. Omit for single-store owners
credit	numeric	yes	Total credit amount
debit	numeric	no	Total debit amount. Defaults to 0
gross_sales	numeric	yes	Total gross sales
date_time	string	yes	Format: YYYY-MM-DD HH:MM:SS
total_discounts	string	yes	Summary of discounts
vat_exempt_sales	numeric	yes	VAT-exempt total
vat_sales	numeric	yes	VAT sales total
non_vat_sales	numeric	yes	Non-VAT sales total
vat_amount	numeric	yes	Total VAT
other_taxes	numeric	yes	Any additional tax deductions
net_sales	numeric	yes	Net sales total
sale_type	boolean	yes	Indicates if the sale is hourly or EOD. true = hourly, false = end-of-day
is_reprocessed	boolean	no	Set to true to correct a previously submitted EOD. Defaults to false .
remarks	string	conditional	Required when is_reprocessed is true , max 1000 chars.

Company ID Rules	
If the owner has one store, company_id is optional.	Submission is scoped to owner_id .
If the owner has multiple stores, company_id is required.	Omitting it returns 422 .
If company_id is provided, it must belong to the authenticated owner or returns 403 .	

4. Behavior Based on Sale Type

sale_type Value	Meaning	Record Created In
true	Hourly sales data	Hourly sales table
false	End-of-day (EOD) sales	EOD sales table

5. Sample JSON Requests & Responses (Success)

a) HOURLY SALE (Single-Store Owner)

Request	Response
<pre>{ "credit": 25000.00, "debit": 0.00, "gross_sales": 25000.00, "date_time": "2024-01-01 13:00:00", "total_discounts": "None", "vat_exempt_sales": 2000.00, "vat_sales": 18000.00, "non_vat_sales": 5000.00, "vat_amount": 2160.00, "other_taxes": 0.00, "net_sales": 22840.00, "sale_type": true }</pre>	<pre>{ "success": true, "data": { "owner_id": 2652, "company_id": 2568, "user_id": 7451, "credit": 25000, "debit": 0, "gross_sales": 25000, "sale_date": "2024-01-01 13:00:00", "total_discounts": "None", "vat_exempt_sales": 2000, "vat_sales": 18000, "non_vat_sales": 5000, "vat_amount": 2160, "other_taxes": 0, "net_sales": 22840, "updated_at": "2026-06-11T08:53:34.000000Z", "created_at": "2026-06-11T08:53:34.000000Z", "id": 8650 }, "message": "Sales saved successfully" }</pre>

Only **one (1)** hourly sale record can be submitted per hour. Multiple submissions will be rejected by the API.

b) HOURLY SALE (Multi-Store Owner)	
Request	Response
<pre>{ "company_id": 129, "credit": 25000.00, "debit": 0.00, "gross_sales": 25000.00, "date_time": "2024-01-01 13:00:00", "total_discounts": "None", "vat_exempt_sales": 2000.00, "vat_sales": 18000.00, "non_vat_sales": 5000.00, "vat_amount": 2160.00, "other_taxes": 0.00, "net_sales": 22840.00, "sale_type": true }</pre>	<pre>{ "success": true, "data": { "owner_id": 119, "company_id": 129, "user_id": 129, "credit": 25000, "debit": 0, "gross_sales": 25000, "sale_date": "2024-01-01 13:00:00", "total_discounts": "None", "vat_exempt_sales": 2000, "vat_sales": 18000, "non_vat_sales": 5000, "vat_amount": 2160, "other_taxes": 0, "net_sales": 22840, "updated_at": "2026-06-11T09:07:57.000000Z", "created_at": "2026-06-11T09:07:57.000000Z", "id": 10631 }, "message": "Sales saved successfully" }</pre>

Only **one (1)** hourly sale record can be submitted per hour. Multiple submissions will be rejected by the API.

c) EOD SALE (Single-Store Owner)	
Request	Response
<pre>{ "credit": 80000.00, "debit": 0.00, "gross_sales": 80000.00, "date_time": "2024-01-01 23:00:00", "total_discounts": "None", "vat_exempt_sales": 5000.00, "vat_sales": 65000.00, "non_vat_sales": 10000.00, "vat_amount": 7800.00, "other_taxes": 0.00, "net_sales": 72200.00, "sale_type": false, "is_reprocessed": false }</pre>	<pre>{ "success": true, "data": { "owner_id": 7845, "company_id": 2200, "user_id": 798, "credit": 80000, "debit": 0, "gross_sales": 80000, "sale_date": "2024-01-01 23:00:00", "total_discounts": "None", "vat_exempt_sales": 5000, "vat_sales": 65000, "non_vat_sales": 10000, "vat_amount": 7800, "other_taxes": 0, "net_sales": 72200, "is_reprocessed": false, "updated_at": "2026-06-11T09:09:52.000000Z", "created_at": "2026-06-11T09:09:52.000000Z", "id": 365 }, "message": "Sales saved successfully" }</pre>

The **is_reprocessed** field is optional when submitting an EOD sale as it defaults to **false**. Only include this field and set it to **true** when submitting a correction for a previously submitted EOD.

d) EOD SALE (Multi-Store Owner)

Request	Response
<pre>{ "company_id": 4526, "credit": 80000.00, "debit": 0.00, "gross_sales": 80000.00, "date_time": "2024-01-01 23:00:00", "total_discounts": "None", "vat_exempt_sales": 5000.00, "vat_sales": 65000.00, "non_vat_sales": 10000.00, "vat_amount": 7800.00, "other_taxes": 0.00, "net_sales": 72200.00, "sale_type": false, "is_reprocessed": false, }</pre>	<pre>{ "success": true, "data": { "owner_id": 4520, "company_id": 4526, "user_id": 896, "credit": 80000, "debit": 0, "gross_sales": 80000, "sale_date": "2024-01-01 23:00:00", "total_discounts": "None", "vat_exempt_sales": 5000, "vat_sales": 65000, "non_vat_sales": 10000, "vat_amount": 7800, "other_taxes": 0, "net_sales": 72200, "is_reprocessed": false, "updated_at": "2026-06-11T09:29:36.000000Z", "created_at": "2026-06-11T09:29:36.000000Z", "id": 250 }, "message": "Sales saved successfully" }</pre>

e) EOD REPROCESS (Single-Store Owner)

Request	Response
<pre>{ "credit": 82000.00, "debit": 0.00, "gross_sales": 82000.00, "date_time": "2024-01-01 23:30:00", "total_discounts": "None", "vat_exempt_sales": 5000.00, "vat_sales": 67000.00, "non_vat_sales": 10000.00, "vat_amount": 8040.00, "other_taxes": 0.00, "net_sales": 73960.00, "sale_type": false, "is_reprocessed": true, "remarks": "Incorrect gross sales amount was submitted. Reprocessing with the corrected figure from the POS system." }</pre>	<pre>{ "success": true, "data": { "owner_id": 4580, "company_id": 9850, "user_id": 778, "credit": 82000, "debit": 0, "gross_sales": 82000, "sale_date": "2024-01-01 23:30:00", "total_discounts": "None", "vat_exempt_sales": 5000, "vat_sales": 67000, "non_vat_sales": 10000, "vat_amount": 8040, "other_taxes": 0, "net_sales": 73960, "is_reprocessed": true, "remarks": "Incorrect gross sales amount was submitted. Reprocessing with the corrected figure from the POS system", "updated_at": "2026-06-15T05:21:19.000000Z", "created_at": "2026-06-15T05:21:19.000000Z", "id": 592 }, "message": "Sales saved successfully" }</pre>

EOD reprocess must be submitted **within 24 hours** of the original EOD submission. Reprocess requests beyond this window will be automatically rejected by the system.

f) EOD REPROCESS (Multi-Store Owner)

Request	Response
<pre>{ "company_id": 4512, "credit": 82000.00, "debit": 0.00, "gross_sales": 82000.00, "date_time": "2025-01-01 23:30:00", "total_discounts": "None", "vat_exempt_sales": 5000.00, "vat_sales": 67000.00, "non_vat_sales": 10000.00, "vat_amount": 8040.00, "other_taxes": 0.00, "net_sales": 73960.00, "sale_type": false, "is_reprocessed": true, "remarks": "Incorrect gross sales amount was submitted. Reprocessing with the corrected figure from the POS system." }</pre>	<pre>{ "success": true, "data": { "owner_id": 4512, "company_id": 5620, "user_id": 450, "credit": 82000, "debit": 0, "gross_sales": 82000, "sale_date": "2025-01-01 23:30:00", "total_discounts": "None", "vat_exempt_sales": 5000, "vat_sales": 67000, "non_vat_sales": 10000, "vat_amount": 8040, "other_taxes": 0, "net_sales": 73960, "is_reprocessed": true, "remarks": "Incorrect gross sales amount was submitted. Reprocessing with the corrected figure from the POS system." "updated_at": "2026-06-15T05:29:48.000000Z", "created_at": "2026-06-15T05:29:48.000000Z", "id": 562 }, "message": "Sales saved successfully" }</pre>

EOD reprocess must be submitted **within 24 hours** of the original EOD submission. Reprocess requests beyond this window will be automatically rejected by the system.

VI. Error Response Summary

Status	Description
401	Missing or invalid authentication token
403	Owner account not found, or store does not belong to account
409	Duplicate EOD submission, or reprocess limit already reached for the day, duplicate hourly sale
422	Validation error, multi-store owner missing company_id, or reprocess with no existing EOD, EOD reprocess submitted beyond 24 hours
500	Server or database error

VII. Summary

1. Include both the Authorization and X-Custom-Token headers on every request.
2. Provide a valid JSON request body with all required fields.
3. Follow the required field types and formats.
4. For multi-store owners, always include company_id.
5. Use sale_type: true for hourly sales and sale_type: false for EOD sales.
6. Only one (1) hourly sale submission is allowed per tenant per hour. Duplicate hourly submissions will be rejected with HTTP 409.
7. Only one (1) EOD sale submission is allowed per tenant per business date. Duplicate EOD submissions will be rejected with HTTP 409.
8. For EOD corrections, set is_reprocessed to true. This is only allowed once per store per business date and must be submitted within 24 hours of the original EOD submission.
9. Remarks field is required when is_reprocessed is true.

When successful, the API stores the sales data and returns the created record.
